**National Botanic Gardens, Glasnevin, Dublin 9**

6th September to 19th October 2018

Opening Times: Monday - Friday 9am to 5pm, Saturday & Sunday 10am - 6pm  
Admission Free

Sculpture in Context continues its collaboration with the Botanic Gardens to once again bring the longest running and most successful sculpture exhibition in Ireland to the National Botanic Gardens in Dublin. This unique exhibition displays the inspiring and extraordinary work of both established and emerging artists throughout the magnificent gardens.

What you see here is the collected work of 128 artists and the culmination of hours of reflection and hard work. You will see installations that address contemporary issues, creations that complement the natural surroundings and sculptures that challenge and engage the viewer.

Sculpture is a wonderful addition to any garden and can be viewed and enjoyed all year round. Over the next six weeks, the richly diverse character of Irish and International contemporary sculpture can be seen here in one place in the most beautiful of gardens.
